

Lane A. Bentsen, P.E. Joins New-Tech

New-Tech, a division of Zeigler Enterprises, Inc. is pleased to announce that Lane A. Bentsen, P.E. has joined the firm's Midland, MI Research Facility. Mr. Bentsen brings 25 years of experience in laboratory and facility consulting, energy services, commissioning, engineering, and program management for higher education, healthcare, corporate, federal, state and municipal government clients. He will work with the leadership of New-Tech to develop and expand New-Tech's sales & technical support services nationally.

Mr. Bentsen's experience includes Laboratory System Engineering and Consulting in Texas. In Michigan, he was instrumental in growing a new Mechanical/Electrical/Plumbing department where his innovations and ability to retrofit HVAC systems, built a reputation for cost effective solutions. Mr. Bentsen's experience producing building models and energy payback projects will allow New-Tech to assist you with understanding your energy usage and savings utilizing New-Tech's and other products.

Mr. Bentsen is a Registered Professional Engineer in the State of Michigan. He is a long-term member of ASHRAE, and has been a speaker at numerous industry conferences.

Mr. Bentsen can be reached at 866.631.8324 (toll free), 989.859.9973 (cell), or email at LBentsen@NewTechTM.com

Please join us in welcoming Lane to the New-Tech team!
